Take care of the environment

Positive relation to nature

Knowledge in nature

Skills to act responsibly in the nature

Urge and skills to work for the better tomorrow

**Positive Experiences in the Nature -
Timosenkoski Nature School**

Timosenkoski Nature School

The Nature School gives pupils facilities for learning through memorable first-hand experiences in the nature.

The hiking area around the nature school serves especially children and families with children

- marked trails, campfire places, bridges
- the area is visited by kindergartens, schools, free time associations, families
